CONFERENCE

Seattle

The Global Seafood Alliance's GOAL

GOAL: The Responsible Seafood Conference has a 21-year history of convening seafood thought leaders from across the globe. Originally called the Global Shrimp Outlook for Leadership (GSOL), the first event was held in Singapore in 2001. The event was rebranded as the Global Outlook for Aquaculture Leadership (GOAL) in 2008 and again in 2020 as GOAL: The Responsible Seafood Conference when wild-capture fisheries, ocean health and climate change began to be incorporated into the conference program and the Global Aquaculture Alliance rebranded as GSA. GOAL has been held in 18 cities in four continents (North America, South America, Europe and Asia) since 2001.

Today, GOAL consists of a series of virtual events culminating with a three-day in-person event in the fall. The 21st edition of GOAL will be held at the Fairmont Olympic Hotel in Seattle from Oct. 3 to 5, 2022. Though the in-person event has grown from less than 100 attendees in 2001 to upward of 500 today, the mission remains the same — to provide a pre-competitive space for seafood thought leaders to put day-to-day business aside to learn, network and socialize.
