

Small Business Membership

#ofFISHalmember

Membership with Global Seafood Alliance is a rewarding and advantageous experience for you and your business. By joining our growing community of forward-thinking individuals and companies, you're giving yourself and your employees the gift of knowledge and collaboration.

We offer two levels of membership for small businesses: one for single operators (1 employee, \$100/year) and one for businesses with 2-20 employees (\$500/year). Small business members can align with the mission of GSA while accessing available tools and resources for their continued development.

To show our appreciation for small business members supporting these projects, we offer the following benefits:

1 employee
\$100
PER YEAR

2-20 employees
\$500
PER YEAR
